

Bullard, Moore & Ennen, Jr.,

Kansas City.

Just one year ago April 1, we began a Mammoth April Sale. This year we will begin one on Monday, April 2, and continue it for one week—six days. We have gone over the prices named in our big "ad." of one year ago and find by comparison that they are much lower than then. Why? A combination of circumstances—a slow, withering panic; depressed markets; failure of manufacturers, importers, and merchants lessened consumption by reason of depression, silver and tariff legislation, etc.

Our buyers have been busy preparing for this big 6-day April Sale. With instant cash at their command they have scourred the market and pounded the prices down to the lowest point known to the mercantile world. This merchandise we will put on sale beginning Monday, April 2, we wish here to say to you that if you are at all interested in saving money get on the train and come to our store during the progress of this sale. Of course, if not interested it won't pay you to read the following facts.

Beginning Monday, April 2, we will offer:

MR. WELCH COMES OUT.

He Will Make the Race for Repre-
sentative.

THE "JOURNAL'S" PROGNOSTICATION

Made Some Weeks Ago Was Correct—
Below is Given Mr. Welch's An-
nouncement.

To the Editor of the State Journal:

Sir—I have been requested by a large number of Republicans to permit my name to be used as a candidate for the legislature from the city district. I had thought that it would keep out of politics except for the purpose of helping my Republican friends, and that it would devote my time and attention to business. I had supposed that when W. B. Swan would be succeeded for a second term, but have been given a letter from him in which he desires to be a candidate and generously urges me to do my name instead. As many of long time Republican friends having urged me to become a candidate, I can not in justice to them ignore their wishes in the matter, and I have decided under these circumstances to allow the use of my name as a candidate for nomination. I attach herewith the letter from Mr. Swan.

Very truly yours,
R. B. Welch.

Topeka, Kans., March 19, 1894.

Mr. Swan's Letter.

DEAR SIR—In reply to your letter of recent date in which you urge me to let my friends know what my intentions and desires are in reference to seeking a nomination for the office of representative in the city district, having carefully and thoughtfully considered the subject, I hasten to avow my opinion of my conclusions. The vital interests and demands of Topeka are of such a nature that, to my humble judgment, your representative ought to be a man whose duties do not compel him to be absent from the city about half of the year.

I am studying hard now and intend to make it my life session. To accomplish that end, I am necessarily away from Topeka a goodly portion of the year. But Topeka is my home, and I am justly proud of the honor, and am deeply interested in the welfare of our beautiful city and would allow no personal ambition of mine to lessen her chances of prosperity. It is in fact my ambition to see her affairs well cared for.

As I do not think it wise for me to compound politics and medicine or for me to sacrifice another year of medical study, as I would have to do if I were reelected, I am impelled to say to you that I will not be a candidate for re-nomination.

A few days ago I read in the Topeka papers the announcement of the probable candidacy of Hon. R. B. Welch for representative of the city district. It is my opinion that if Mr. Welch will consent to make the race, the Republicans cannot make a better selection and I hope to have the pleasure of working for his nomination and election.

Thinking you and also my many other friends who have taken such a deep and personal interest in my welfare and success, I am very truly yours,

Very truly yours,
W. B. Swan.
